PROFILE

Results-driven pre-sales and engagement consultant specializing in bridging client business needs with enterprise-grade technical solutions. I own the proposal and pre-sales lifecycle end to end — discovery, solution architecture, effort estimation, licensing and the final narrative — across **Microsoft Dynamics 365 (CRM & ERP), Power Platform, Azure, Microsoft Fabric, Liferay DXP and IBM webMethods**. **AI-first in everything**: research, estimation, mock-ups and proposals are AI-accelerated and human-refined, so clients get answers in days, not weeks.

EXPERIENCE

Pre-Sales & Engagement Officer — Netways

Riyadh, SA • Nov 2022 — Present

- Orchestrate the **complete pre-sales lifecycle** for enterprise opportunities — from first client engagement and scope definition to final proposal delivery.
- Led pre-sales strategy for top-tier enterprise accounts, directly contributing to **150M+ SAR** in new annual recurring revenue and the sales team's yearly quota.
- Architect tailored solutions across **Dynamics 365, Liferay DXP, Microsoft Fabric, Azure and IBM webMethods**.
- Develop comprehensive financial proposals: **effort estimation, resource planning and licensing studies** for cloud and on-premises environments.
- Create user journeys, demos and proofs-of-concept, using **AI tooling for rapid mock-up generation** and proposal drafting.
- Lead and mentor** the Pre-Sales Coordinator team; own the reusable proposal library that keeps quality consistent at scale.
